## Overview

Dauxer is a web application that hooks in with your issue tracker and project wiki to dynamically present requirements documentation.

**Principles**

At iam decimum annum in spelunca iacet. Quid est enim aliud esse versutum? Respondeat totidem verbis. Quae autem natura suae primaie institutionis obilita est? Sed quid attinet de rebus tam apertis plura requiri? Recte, inquit, intellegis.

Quod cum accidisset ut alterum necopinato videremus, surrexit statim. Ab his oratores, ab his imperatores ac rerum publicarum principes extiterunt. Et harum quidem rerum facilis est et expedita distinctio. Non risu potius quam oratione elcidendum? Multoque hoc melius nos veriusque quam Stoici. Progredientibus autem etatibus sensim tardeve potius quasi nosmet ipsos cognoscimus. Idem iste, inquam, de voluntate quid sentit? Sit hoc ultimum bonorum, quod nunc a me defenditur;

Hoc tu nunc in illo probas. Quae cum dixisset paulumque institisset, Quid est? Occultum facinus esse potuerit, gaudebit; Quamquam ab is philosophiam et omnes ingenias disciplinas habemus; Quod autem in homine praestantissimum atque optimum est, id deseruit. Quid enim de amicitia statueris utilitatis causa expetenda vides.
